In order to keep up with market trends and increased costs of restoration the insurance values of some of our cars have been adjusted to the above values (in Kilo Rand). The points scoring system remains the same as before where each section (bodywork, interior, wheels and tyres, mechanical and engine compartments) are evaluated out of a maximum of 5 points and total out of 25 arrived at for the car, from which a value is arrived at.

The concours at the National Gatherings is an excellent barometer of the overall condition of the cars so we continue to put a value to a car reaching bronze, silver or gold medal status so if your car reached these heights at the 2022 Nationals and you want to increase the insured value of your car, send proof to the brokers and the value will be increased.
